The *Hungarian Defence Review* is recognised by the Hungarian Academy of Sciences as a category 'A' benchmark publication.

The papers published by the *Hungarian Defence Review* are reviewed and edited.

The *Hungarian Defence Review* is a member of the European Military Press Association (EMPA).

CALL FOR PAPERS

The editorial board of *Hungarian Defence Review* invites authors to submit papers in 2019, based on new research results that deal with some aspect of the following topics:

1. Hybrid warfare – changes in the doctrine of leadership: decision-making and Mission Command in the 21st century
2. Automated systems: changes in the operational requirements of autonomous systems in light of recent technological developments
3. Warfare in non-conventional theatres: challenges and opportunities of the information battlespace, the role and significance of information warfare in contemporary conflicts
4. Built-in areas: the characteristics of urban combat and its digital military challenges in built-in areas
5. Cognitive development: Super-soldiers? Challenges and opportunities in the mental development of the digital soldier – human-machine teaming on the battlefield
6. Leadership aspects of technological changes and their impact on decision-making
7. The introduction of Mission Command into the Hungarian Defence Forces on the organizational level.

We request our authors to submit a max. 2000-character preliminary abstract of the planned paper, addressed to the responsible editor (gaspar.katalin@hmzrinyi.hu). The editorial board of the journal will evaluate the received abstracts and notify the submitter of the decision. At the same time, acceptance of a submitted abstract does not automatically entail the publication of the paper, as the decision on its publication will be based on the final text after a professional review.

The Editorial Board of Hungarian Defence Review
